

THE BASICS

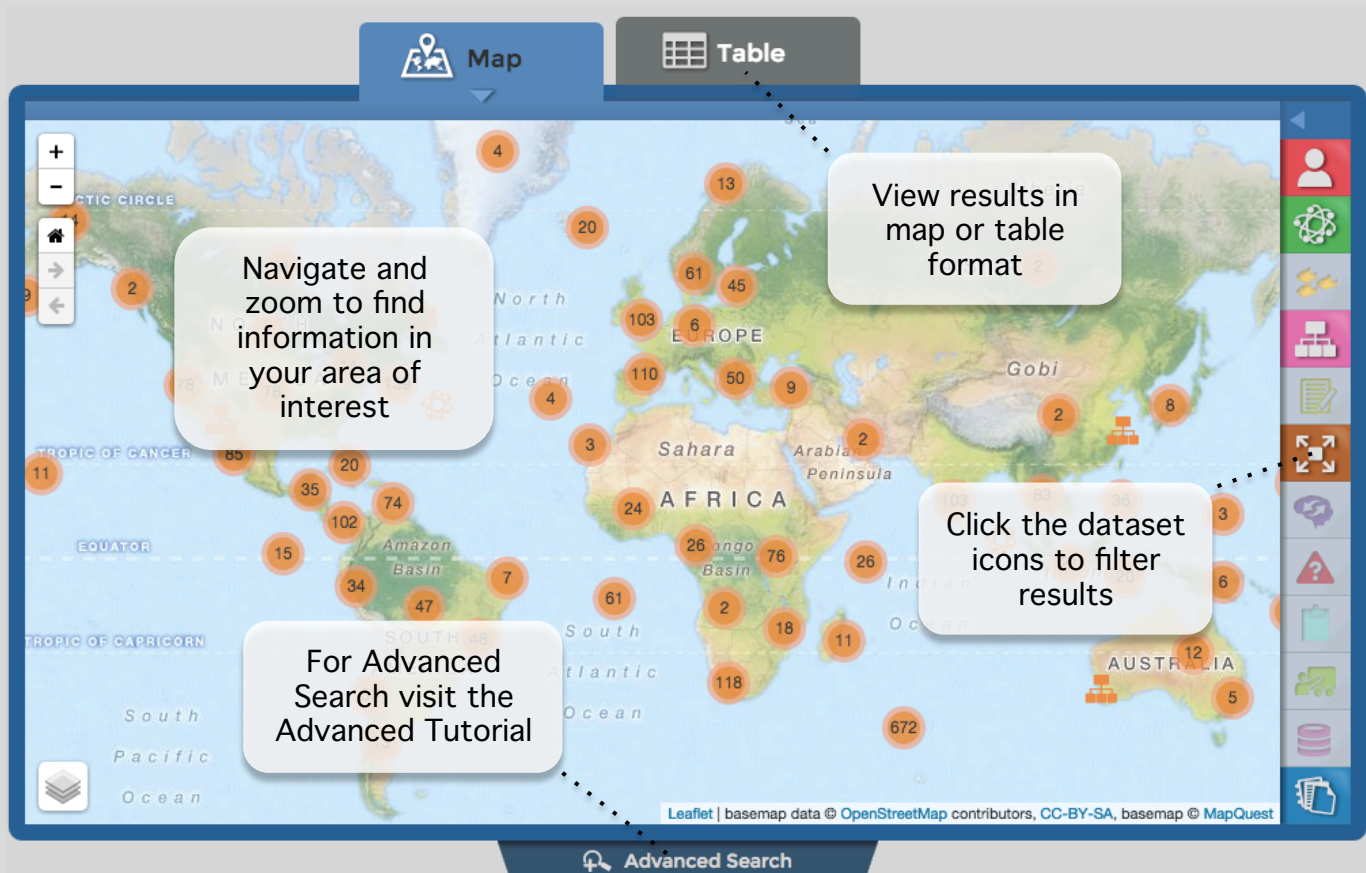

Sign up

1. Click 'Sign up' in the top left corner of the home screen
2. Enter a valid email address and create your password
3. An email will be sent to the address provided to verify your account
4. Open the email and follow the link provided
5. Fill in and your user profile and click submit

Contribute

1. Click one of the two blue 'Contribute' buttons featured on the home screen
2. Choose which dataset you would like to contribute to...
(We suggest the Who's Who Researcher Profile to start)
3. Fill in the information required and click submit*
4. Explore other datasets which you can contribute to
(Contributions can be updated and edited at any time)

Search & Explore

The screenshot displays the ISSF web application interface. At the top, there are two tabs: 'Map' (selected) and 'Table'. The main area shows a world map with numerous orange circular markers, each containing a number. The map is overlaid with several white callout boxes providing instructions:

- View results in map or table format:** A callout box pointing to the 'Map' and 'Table' tabs.
- Navigate and zoom to find information in your area of interest:** A callout box pointing to the map navigation controls (plus, minus, home, and arrow buttons).
- Click the dataset icons to filter results:** A callout box pointing to the vertical toolbar on the right side of the map, which contains various icons for filtering and interacting with the data.
- For Advanced Search visit the Advanced Tutorial:** A callout box pointing to the 'Advanced Search' button at the bottom of the interface.

At the bottom of the map, there is a footer that reads: "Leaflet | basemap data © OpenStreetMap contributors, CC-BY-SA, basemap © MapQuest".
