### 3) ISSF – call for contributions

Contribute to an upcoming e-book titled **ISSF Small-Scale Fisheries Profiles** that will feature the SSF Profiles collected through ISSF. The SSF Profile is designed to highlight the main characteristics of a particular fishery, enabling users to learn more about SSF around the world.

The e-book will allow readers to examine with ease characteristics of different SSF. Volume 1 will be divided into the following five sections based on region: Africa, Asia & Oceania, Europe, North America, and Latin America & the Caribbean.

For more information about the publication and how to contribute, click [here](#).

#### 4) Photo e-book: The meaning of small - Diverse values of SSF

##### Call for contributions

TBTI is calling for contributions for an upcoming 'photo e-book' on the diverse values of SSF. The volume speaks directly to the TBTI '[Diverse SSF Values](#)' research cluster, which advocates for better understanding and enhanced knowledge on SSF values.

The deadline to contribute is **December 15<sup>th</sup>**, 2016. If you are interested in becoming one of the authors in the photo e-book, click [here](#).

#### 5) New publication by TBTI and members

##### Article: A Bottom-Up Understanding of IUU Fishing in Lake Victoria

In the article '[A Bottom-Up Understanding of IUU Fishing in Lake Victoria](#)' written by recent TBTI student Joseph Luomba, TBTI Project Director Ratana Chuenpagdee and TBTI cluster coordinator Andrew Song, the authors argue that the persistence of IUU fishing in Lake Victoria could be due to different images that stakeholders have about the situation, rather than the lack of management competency. The article also explores governing interventions that may contribute to addressing IUU fishing in Lake Victoria and elsewhere.

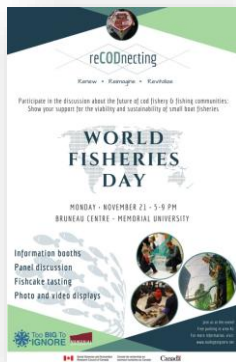

## 6) TBTI activities report

### TBTI at the Oceana Canada's science symposium, October 26<sup>th</sup>, 2016 in Ottawa, Canada

Several TBTI members, including Dr. Ratana Chuenpagdee, Dr. Daniel Pauly, and Dr. Rashid Sumaila spoke at [Oceana Canada](#) science symposium on 'Rebuilding Abundance: Restoring Canada's Fisheries for Long-Term Prosperity'. The focus of the symposium was to discuss ways towards a sustainable future for Canada's fish and fisheries.

## 7) Other News & Announcements

### World Fisheries Day, November 21<sup>st</sup>

This year, TBTI is marking World Fisheries Day with a public event themed 'reCODnecting: Renew, Reimagine, Revitalize'. The event, which will focus on the future of small-scale fisheries and fishing communities in Newfoundland and Labrador, Canada, will take place on November 21<sup>st</sup> at the TBTI headquarters in St. John's, Canada.

Attend the event in St. John's or run your own World Fisheries Day event! Send us a note about your event and we will announce it through our social media. Don't forget to use [#WorldFisheriesDay](#) to spread the word around.

**Let's make this day a true celebration of SSF!**
