

## TBTI Day @ MARE

Tuesday, July 4<sup>th</sup> 2017

Room TBC, University of Amsterdam

### Meeting objectives and expected outcomes

The event is free and open to everyone interested in small-scale fisheries (SSF). The participants will have an opportunity to hear the latest news about TBTI, including updates about TBTI research clusters and other activities. Participants will be invited to give feedback about the regional synthesis and the governability index, and to provide inputs to the 'Transdisciplinarity in Fisheries' training program. There will also be opportunities to discuss future research programs and activities, both within TBTI and beyond, in order to achieve SSF sustainability.

For more information, please contact: [toobigtoignore@mun.ca](mailto:toobigtoignore@mun.ca).
